## Dear Friends and Guests of ATP,

We will discuss how Collaboration is changing. There are many reasons why including:

- The Explosion of Mobile Devices
- The Impact of Social Media
- Video becoming Pervasive
- The Rise of Cloud Computing

Our speaker will be Erik Phelps, Collaboration Specialist with Cisco Systems. He has 4 years experience with Cisco Systems and 20 years experience in Technology, Communications and Collaboration.

Cisco's deeply committed to collaboration and the tools we use everyday. They feel collaboration is driving the next wave of business growth, innovation, and productivity. It expands beyond text-centric, and document-centric communication to encompass voice and video and make people the center of business again.

Please notice the meeting will begin at 11:00 with registration starting at 10:30. Plan now to join us for learning, lunch and networking. We look forward to seeing you!

Sincerely,  
Nancy Tiemeier  
atp Board Member

***For more than 20 years, the Association of Technology Professionals, Inc., (atp) has been promoting effective design, operation, and management of telecommunications voice and data systems.***

***atp provides a vendor-neutral, unbiased forum for members to exchange ideas, innovations and applications at bi-monthly meetings. The meetings, in turn, establish a community for common interest and promote personal advancement within the telecommunications profession.***
