

Event Info:

When: Wednesday, June 10th, 2009. Registration begins 8:30 a.m. Meeting begins at 9:00 a.m.

Where:

OCLC Inc.

6565 Kilgour Pl. (previously Frantz Rd.)

Kilgour Building - enter from the East

Free parking is available

Part One: Carrier Perspective

In the first half of our meeting, we'll hear presentations from carriers regarding current trends and future initiatives. It's not just about copper anymore, and interaction with our panel will help you determine just how these industry changes will filter down to your organization. Speakers are still being added, but currently include Roger Paschal of TW Telecom and Scott Cain of Verizon Wireless.

Part Two: Hardware Perspective

The melding of telecom and IT has made it increasingly important to consider both networking and switch hardware in your organization's communications plan. Find out what's current, what's new, and what's pushing the envelope from industry leaders including Michael Briody-Waite of Dell, Scott Hall of Horizon Systems (a Sun Microsystems shop) and Eric Tavadia of Cisco.

Fee:

\$20/members

\$30/non-members

Pre-registration assists us in keeping our costs down, and provides a more accurate count for seating and lunch. Register by June 5 to be eligible for our door prize drawing!
