Dear Members and Friends of ATP,

By popular demand, ATP will present our traditional State of the Industry program in June. We have an exciting list of speakers from both the public sector and the private sector/carrier side, and they'll share insights you won't want to miss.

This meeting provides a great opportunity for you to bring others from your organization (even your boss!) and show them what ATP is all about. As always, the meeting will also let you meet and network with peers from throughout ATP's membership. We look forward to seeing you there!

Sincerely,

Gina George

ATP President, 2010
