\$20/non-members
Pre-registration assists us in keeping our costs down, and provides a more accurate count for seating and lunch. **Pre-register to be eligible for our door prize drawing!**

Pre-register at:

www.atp-ohio.org

Dear Friends and Guests of ATP,

Telemedicine is the use of telecommunications and information technologies to provide clinical health care at a distance. Its purpose is to eliminate distance barriers and improve access to medical services that would often not be consistently available in distant rural communities. Telemedicine is also used to save lives in critical care and emergency situations. Our speakers will talk about the networking, video telephony, advanced diagnostic methodologies and strategies used in today's interactive telemedicine services.

Our first speaker will be Tom Reid, President, Reid Consulting Group, LLC who has earned a reputation as both a technology visionary and a hands-on leader. He has been directly involved with the ConnectOhio broadband initiative with focus on Appalachia. He was most recently a member of the ConnectOhio's Telemedicine Tech Panel. Tom's nearly three decades in the IT/Telecommunications field has prepared him well as a go-to technology leader for statewide and regional projects.

The second speaker will be Dave Sebenoler, CIO, HealthSpot. He will present the company's healthcare mobile kiosk product and the importance of network access. Dave has over 20 years of information services and consulting experience with extensive

involvement in strategy and planning, process improvements, and implementations organization. As CIO at Healthspot, he applies his experiences and leadership to product management, application development, and IT infrastructure and operations.

This is a dynamic subject and is the first time it is being presented at ATP. We have had multiple requests for this subject from our healthcare, carrier and other members. It is a fascinating subject and should be of interest to all.

Please remember that the meeting will begin at 11:00 A.M. with registration beginning at 10:30 A.M. Plan now to join us for learning, lunch and networking. We look forward to seeing you. Sincerely,

Nancy Tiemeier
ATP Vice-President
