Pre-register at:

www.atp-ohio.org

Friends of ATP,

You are cordially invited to a New Member Breakfast on September 18, 2009, between 7:30 AM and 9:30 AM. This breakfast is a thank-you to current ATP members, as well as an opportunity for future and/or potential ATP members to learn more about ATP and our membership and networking benefits. Feel free to stop in for a quick hello and breakfast or stay the entire time and meet new friends and reconnect with old ones. This is also a great chance for you to provide feedback to the Board of Directors.

ATP will be providing a hot breakfast buffet, juice, coffee etc. We look forward to answering your questions on membership, meeting topics for 2010, or just intriguing conversation. In addition, the October 14, 2009 ATP meeting is the yearly meeting to elect new Board of Director Positions. Open positions this year include Vice President and two Directors. If you're interested in playing a bigger role in ATP, let us know.

If your company is currently a member of ATP but you have never attended a meeting or if you would like to get more information about your company being a part of ATP, this meeting is for you. Don't miss it!

Sincerely,
Gina George
ATP President, 2009

Win A Brand New Netbook!

Pre-register for this New Member Breakfast by September 15, 2009, and you'll be entered in a drawing to win a new netbook. But that's not all.

We'll have a card there for you to provide feedback on programming for next year. Each attendee who submits at least one idea will be entered in a drawing for another new netbook. But that's still not all.

The member who brings the most prospective new member companies to the breakfast will also win a new netbook!

The drawings will be held throughout the morning. You need not be present at the time of the drawing to win, but you do have to have signed in and attended the breakfast at some point.

For more than 20 years, the Association of Telecommunications Professionals, Inc., (ATP) has been promoting effective design, operation, and management of telecommunications voice and data systems.

ATP provides a vendor-neutral, unbiased forum for members to exchange ideas, innovations and applications at bi-monthly meetings. The meetings, in turn, establish a community for common interest and promote personal advancement within the telecommunications profession.
